Re: NOTICE TO BIDDERS  
Commissioning and Environmental Services for Howard County Public School System, Bid #025.17.B1

Howard County Public School System (HCPSS) solicited proposals to provide services in the area of commissioning and environmental testing services throughout the Howard County Public School System as specified in the Request for Proposals (RFP) No. 025.17.B1.

Bidders submitted proposals, the proposals were evaluated, and recommended bidders were presented to the Board on Thursday March 23, 2017. The Board discussed the Bid and voted, with the result that the motion to approve the Bid failed. The Bid was therefore not accepted.
